13th December 1994.

Mr Ian Gibson,
Technical Services,
Calderdale Council,
Northgate House,
Halifax.

Dear Mr Gibson, Re: Registering the existence of a Private Road.

Because of recent difficulties arising from uncertainties over ownership of and access over various tracks on this hillside it seemed to be necessary to register the private access road to Foxstones.

The map shows the private access road marked in blue. This track was made by the previous owner of Foxstones Farm through fields owned by themselves. The track is now owned by myself. In addition to my own use the owners of Foxstones Farm and Foxstones Cottage only, have access across it, as mentioned in their deeds. The track is not a public footpath or bridleway.

Yours sincerely,
