7<sup>th</sup> February 2006

Dear Mrs Rachel Finney at Calderdale Council,

We are writing further to our telephone conversations to discuss rights of way across our land as shown on the map enclosed.

We are writing to confirm that

- 1) we have no intention of changing the existing public right of way across our land, and
- 2) we have no intention of dedicating any new rights of way across our land.

Should we change these intentions, we will notify you first in writing, and our behaviour should not in any way be taken to imply otherwise, without this written notice.

We would very much appreciate your confirmation of receipt of this letter.

Thank you for all your kind advice and assistance.

Yours sincerely,

Mr Antony Shearn

Mrs Julie Shearn

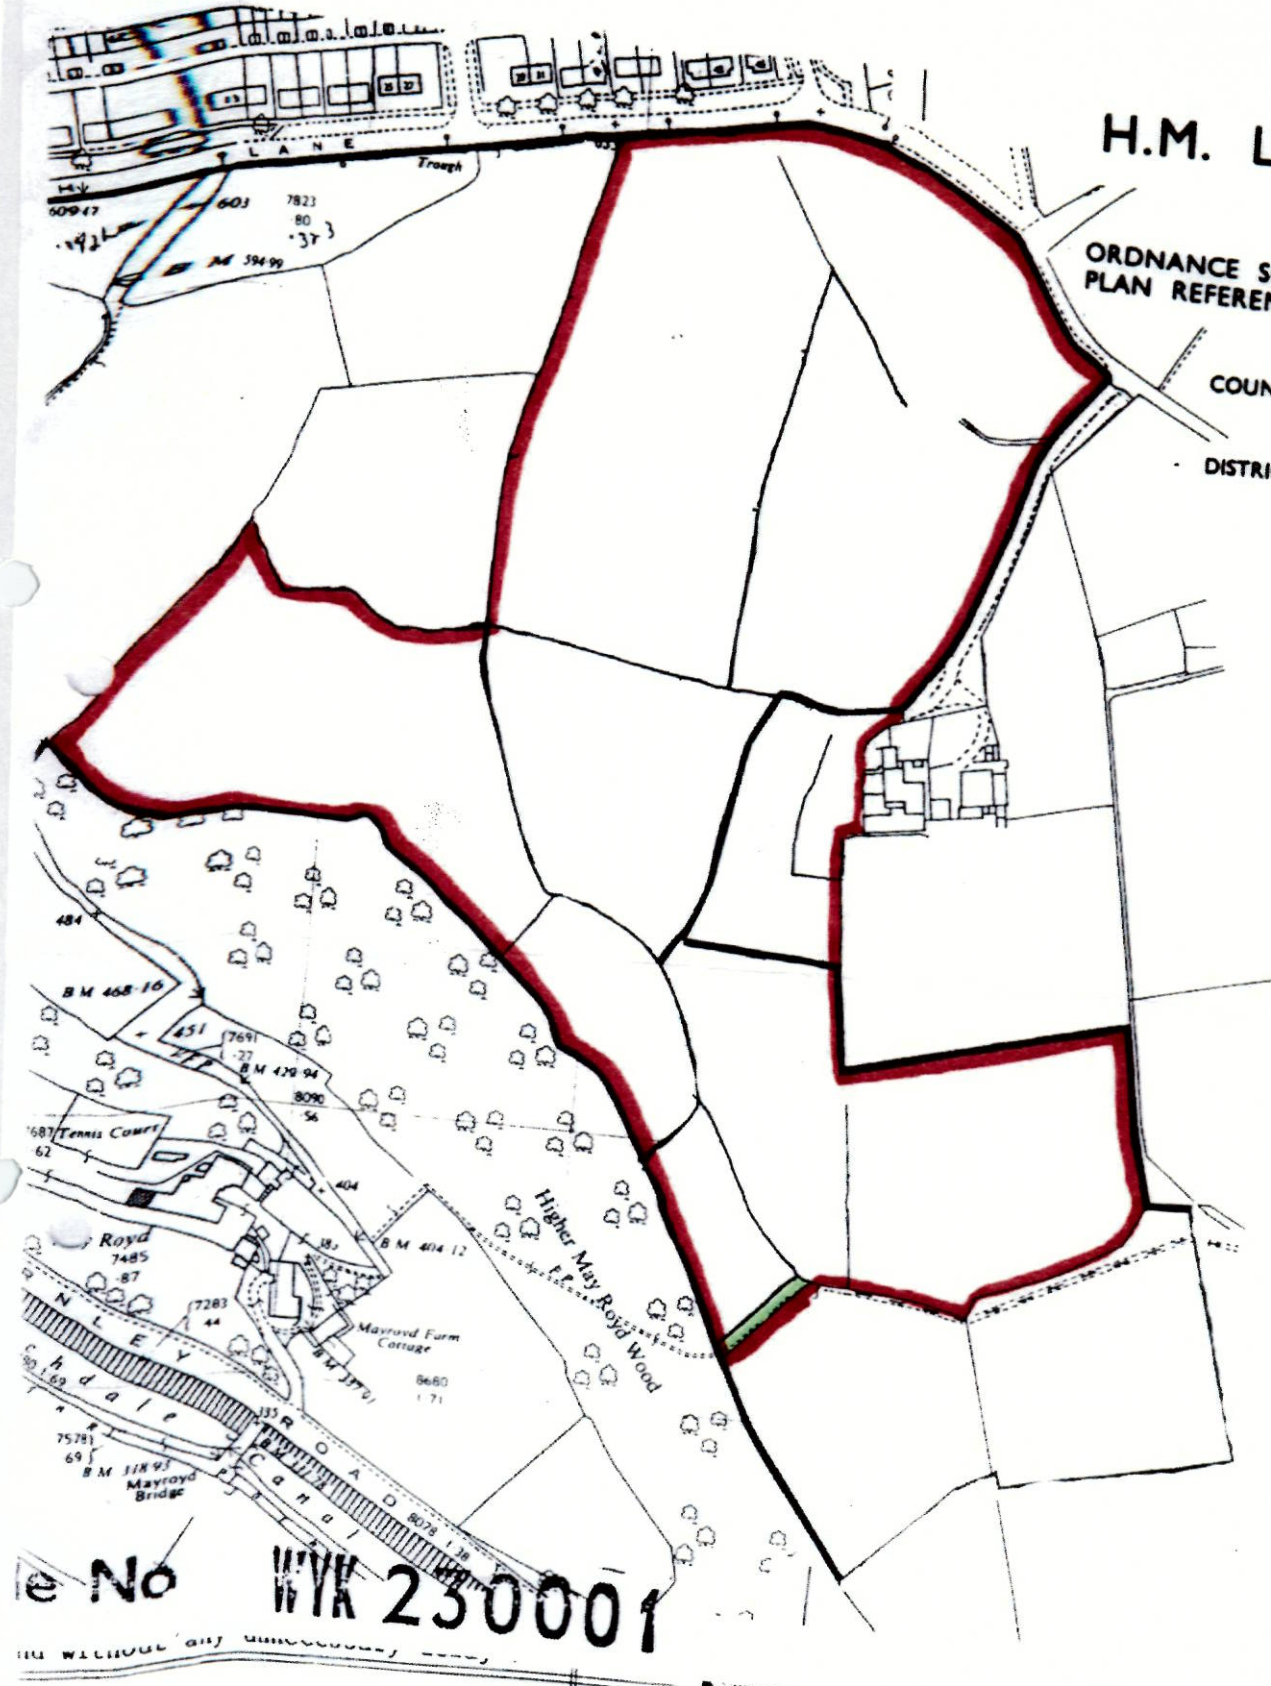

For and on behalf of ourselves and our partner in ownership of the land, Mr Christopher Dixon
