

Parental Consent

Assistants

Our assistants are left in charge and are responsible for the children at times when we are out, e.g. taking and collecting children from school, taking older children to activities or out on walks. Our assistants may also take and collect children to and from school, on walks, to the park, shops, library etc. This is done in accordance with Ofsted's standards and will be for no more than 2 hours in any one day. This enables us to offer a range of care and activities for the children. The assistants will be known to you and your child and are named in our emergency plan.

I give permission for assistants to be left in sole charge of my child in accordance with the above.
