Calderdale Council, Calder Valley Skip Hire, Review of Commissioning Information

Proposal – SF. 12947586

NOVEMBER 2025

Calderdale
Council

PROPOSAL OVERVIEW

Calderdale Council Services Needs

We are pleased to provide our proposal to Calderdale Council ("the Client") for consultancy support to review the commissioning information with regards to the environmental permit application for the Small Waste Incineration Plant at Calder Valley Skip Hire.

The commissioning information will be peer reviewed to inform Calderdale Council of any issues that may constitute the need for:

- Any further clarification: namely those issues for which further detail would provide for additional transparency and/or a clearer understanding on; or
- An omission: those issues deemed within the peer review to be lacking within the assessment, which may prevent Calderdale Council from making an informed decision related to the air quality impacts from the proposed development.

Our Approach:

Several methodologies can be applied to the peer review of commissioning information. In brief, the assessment should comply with:

- The need to clearly set the defined existing conditions at the proposed development site;
- The extent to which the development is likely to impact on the environment; and
- An assessment of the significance of such impacts as benchmarked against the relevant and available criteria.

The whole assessment should be made against prevailing planning policies set by the UK Government, and both local and regional bodies.

Commercial Offer

To formalise our partnership and initiate the project, we propose the following steps:

1. **Review and Approval:** Review and approve the scope of work and deliverables outlined in this proposal.
2. **Formal Agreement:** Sign the attached Terms and Conditions to confirm the engagement.
3. **Purchase Order or Invoicing:** If required, raise a purchase order (PO). If a PO is not necessary, Bureau Veritas will issue an initial invoice based on the agreed terms.

Bureau Veritas look forward to supporting Calderdale Council in achieving their goals. Should you have any queries, please do not hesitate to contact Daniel Clampin.

PRICING SUMMARY

➤ Review of Commissioning Information

£1,575

METHODOLOGY AND APPROACH

Scope of Works

The proposed methodology to be applied for the peer review is to benchmark the commissioning information against the following criteria, considering, where relevant, both the construction and operational phases;

- Identification and quantification of relevant pollutant emissions to air and odour emissions;
- Justification for 'scoping out' of certain pollutants/impacts;
- Identification and recognition of different types of impact (e.g. health or nuisance, chronic or acute, local, regional or global, direct or secondary, adverse or beneficial, combined);
- Use of best practice in quantifying the baseline air quality, over the correct timescales / averaging periods, and correct forecasts for future years;
- Reference to the correct and up-to-date air quality standards, objective and guidelines for the protection of both human health and vegetation;
- Adherence to current best practice in the assessment methodology;
- Identification of sensitive receptors and the appropriate banding / categorisation;
- Correct predictions of impacts, with and without proposed mitigation;
- Effects of proposed mitigation measures;
- Correct quantification of effects of mitigation measures;
- Consultation with the correct statutory and non-statutory bodies;
- Justification of conclusions; and
- Discussion of gaps in knowledge / uncertainties in the results and / or conclusions, and the reasons for these.

METHODOLOGY AND APPROACH

Structure of Review

The peer review is to apply the following structure for the conclusions of the critique:

- Are the findings of the assessment robust, appropriate and defensible?;
- Are there any deficiencies or errors?;
- Recommendations for improvements;
- Potential changes in the results or conclusions; and
- Is there any additional work required?

Timescales

Bureau Veritas could commence work on this project at your instruction. We would expect to be able to complete the review within two weeks of receiving instruction and receipt of the commissioning information. An electronic draft will be issued with a view to gaining Client approval and to provide an opportunity for comments to be made. Appropriate comments received at this time will be incorporated into the final document, which will also be released electronically.

Exclusions

The following elements of work have not been included within this fee estimate but can be added later, subject to requirement and the agreement of fees:

- A detailed mitigation strategy for the development;
- Revision of the final deliverable, once issued as final;
- Attendance at any project meetings; and
- Further work considered to lie outside the scope of work provided herein.

BV TERMS AND CONDITIONS

1. APPLICATION OF GENERAL CONDITIONS; DEFINITIONS TERM

1. The definitions in this Article apply in these General Conditions:

Agreement: means the Client's acceptance of the Company's proposal, any other mutual agreement for provision of Services, the Company's acceptance of a completed Company Order Form or other instructions for Services from the Client, or any instruction or request for services by a Client and subsequent acceptance by the Company and performance of Services by the Company for the Client. These General Conditions govern each Agreement unless or until separate terms and conditions are agreed to in writing between the Client and the Company.

Company: means the Bureau Veritas group company that has entered into the Agreement.

Company Order Form: the Company's standard form to be completed by the Client setting out the Services to be performed by the Company, together with any other information concerning the performance of the Services under the terms of the Agreement. The fees for the Services may be set out in the Company Order Form or in a separate document or price list.

Client: the person, firm, company, partnership, association, trust, or government agency or authority that purchases Services from the Company and as identified in the applicable Company Order Form or written instruction.

Party and Parties: individually the Company or the Client and collectively the Company and the Client.

Reports: all documents, products and output from the Services created or provided by the Company or its agents, subcontractors, consultants and employees in relation to the performance of the Services.

Services: the services to be provided by the Company to the Client under the Agreement and as set out in the applicable Company Order Form or in other instruction from the Client to the extent that they are agreed by the Company and incorporated into the Agreement.

2. For the avoidance of doubt, the Client's standard terms and conditions (if any) attached to, enclosed with or referred to in any Company Order Form or other document shall not govern the Agreement. The Agreement constitutes the whole agreement between the Parties and supersedes all previous agreements and communications between the Parties relating to the performance of the Services by the Company.

3. The Company acts for the Client only. Except as provided in the Agreement, the Agreement is entered into solely between and may be enforced only by the Client and the Company. The Agreement shall not be deemed to create any rights in third parties, including without limitation suppliers or customers of a Party, or to create any obligation of a Party to such third parties.

2. COMPANY'S OBLIGATIONS

1. The Company shall, with reasonable care, skill and diligence provide the Services and the Reports to the Client, in accordance with:

1. the specific requirements as set out in the Agreement; and
2. such methods as the Company shall deem suitable on a case by case basis having regard to professional industry standards, directives given by competent authorities and applicable law.

2. The Company shall endeavour to provide the Services in accordance with any agreed dates but for the avoidance of doubt such dates shall be estimates only and time shall not be of the essence.

3. The Company, in the capacity of an independent party, provides information to its clients in the form of ascertainment, assessment or recommendations, relative to regulatory requirements, general industry standards and/or any other standards that may be mutually agreed by the parties.

4. The Company performs surveys, inspections, verifications, certifications, tests, assessments, audits and/or appraisals, as agreed by the parties, with independence, impartiality and objectivity. Such information is communicated to the Client in the form of the Reports.

5. In providing the Services, the Company does not take the place of designers, architects, builders, contractors, manufacturers, producers, operators, transporters, importers or owners, who, notwithstanding the Company's actions, are not released from any of their obligations of whatever nature. If and to the extent that the Client releases any third party from its liabilities, obligations and duties with respect to the Client's products or services, or from its liabilities, obligations and duties with respect to information upon which the Company relied in the performance of the Services, such unfulfilled liabilities of a third party will not cause the liability of the Company to increase and the Client shall assume and undertake as its own such liabilities, obligations and duties.

6. For the avoidance of doubt, the Company does not fulfil the role of an insurer or a guarantor in respect of the adequacy, quality, merchantability, fitness for purpose, compliance or performance of products, services or other activities undertaken or produced by the Client to which the Services relate. Notwithstanding any provision to the contrary contained herein or in any Report, no warranty or guarantee, express or implied, including any warranty of merchantability or fitness for a particular purpose or use, is made by the Company for any activities undertaken by the Client or any product manufactured, distributed, imported, or sold by the Client.

7. The Reports are given only in relation to the written instructions, documents, information and samples provided to the Company by the Client prior to the performance of the Services. The Company cannot be held liable for any error, omission or inaccuracy in the Reports to the extent that the Company has been given erroneous or incomplete information by the Client. The Reports reflect the findings of the Company at the time of performance of the Services only. The Company shall have no obligation to update the Reports after issuance, except as otherwise stated in the Agreement.

8. For those Services requiring sampling (which term includes but is not limited auditing or other selected spot checks), the Reports will set out the findings of the Company solely in respect of the samples identified therein. Unless specifically and expressly indicated in the Reports, the results set out in such Reports may not be indicative or representative of the quality or characteristics of the premises, systems, bulk, lot or other grouping from which a sample is taken, and the Client shall not rely upon the Reports as being so indicative or representative in general. Unless expressly agreed by the parties to the contrary, the Company may, in its sole discretion, choose to retain, return to the Client or destroy samples which have been furnished to the Company for performance of Services and which have not been destroyed in the course of the Services.

9. Documents concerning undertakings entered into between the Client and other interested parties, such as contracts of sale, supply or work contracts, letters of credit, bills of lading, specifications, datasheets, letters of commissioning, certificates of acceptance or conformity, and which are divulged to the Company, shall be considered to be for information only, without either extending or restricting the Company's scope of Services or obligations under the Agreement.

10. The Company shall be entitled to replace offered and deployed personnel by other personnel with broadly equivalent expertise at any time. The Company does not warrant or guarantee that the personnel possesses any specific certification unless agreed in writing or required under the mandatory provisions of any applicable accreditation scheme or applicable provisions of mandatory law.

3. CLIENT'S OBLIGATIONS

3.1 The Client shall:

3.1.1 co-operate with the Company in all matters relating to the Services;

3.1.2 provide, or cause its suppliers to provide, in a timely manner, access to the Client's facilities and personnel as required by the Company, its agents, subcontractors, consultants and employees, to perform the Services. The Client will be responsible for preparing and maintaining the relevant premises for the supply of the Services, including identifying, monitoring, correcting or removing any actual or potentially hazardous conditions or materials from any of its premises before and during the supply of the Services at those premises; and shall adopt all necessary measures to ensure safety and security of working conditions on site during performance of the Services and inform the Company of all health and safety rules and regulations and any other reasonable security requirements that apply at any of the Client's premises;

3.1.3 provide the Company, its agents, subcontractors and representatives with all necessary transportation and equipment, such equipment to be in good working order, for provision of the Services;

3.1.4 provide the Company, either directly or through its suppliers and subcontractors, in a timely manner, such information as the Company may require for the proper performance of the Services and ensure that such information is accurate in all material respects;

3.1.5 where necessary, obtain and maintain all necessary licences and consents and comply with all relevant legislation in relation to the Services and the use of the Client's equipment;

3.1.6 ensure that all documents, information and material made available by the Client to the Company under the Agreement do not and will not infringe, or constitute an infringement or misappropriation of, any patent, copyright, trademark, trade secret, licence or other intellectual property rights or proprietary rights of any third party; and

3.1.7 take all necessary steps to eliminate or remedy any obstructions to or interruptions in the performance of the Services.

3.2 To the extent that the Company renders Services, the Client agrees that the Company does not owe any specific success but only such Services. The Client is responsible for exercising its own, independent judgment with regard to the information and recommendations provided by the Company. Neither the Company nor any of its agents warrant the quality, outcome, effectiveness or appropriateness of any decision or action undertaken on the basis of the Reports provided under the Agreement.

3.3 If the Company's performance of its obligations under the Agreement is prevented or delayed by any act, omission, default or negligence of the Client, its agents, subcontractors, consultants or employees, the Company shall not be liable for any costs, charges or losses sustained or incurred by the Client arising directly or indirectly from such prevention or delay.

3.4 If the Client anticipates the use of any Reports in any legal proceeding, arbitration, dispute resolution forum or other proceeding, it shall so notify the Company in writing prior to submitting the Company Order Form for the Services and in any event prior to the use of such Reports in any such proceeding. The parties agree that the Company has no obligation to provide an expert witness or witness of fact at such proceeding unless the Company gives its prior consent in writing.

3.5 The Client shall ensure that safe social distancing (of no less than 2 meters) and COVID-19 safety measures in accordance with guidance issued by governmental and other competent authorities are maintained at all times on that area of its premises that the Company's employees are required to perform their services, access or egress the building or use hygiene or recreational facilities.

3.6 The Client acknowledges that in the interests of health and safety, the Company grants each of its agents, employees, subcontractors and representatives a 'stop work authority' permitting them to stop work and leave site at their sole discretion if they or other Company personnel have concerns of any nature in respect of health and safety and the Client agrees that no liability of the Company shall arise from the exercise of such discretion, but that payment for such visit shall remain due to the Company.

4 PAYMENT

4.1 The Client shall pay each valid invoice submitted to it by the Company, in full and in cleared funds, within fifteen (15) days of the date of the invoice.

4.2 If the Client fails to pay the Company on the due date, the Company may charge interest on such sum from the due date for payment at the monthly rate of 1.5% (or the maximum rate permitted by applicable local law if local law specifies a maximum), accruing on a daily basis and being compounded monthly until payment is made, whether before or after any judgment. The sufees and any additional charges are exclusive of all applicable taxes. If any payment due to the Company from the Client under this Agreement or otherwise is late, the Company may suspend the provision of some or all of the Services including but not limited to the provision of deliverables until overdue payment is received by it and shall be entitled to require payment in advance prior to continuance of the Services.

4.3 The Client shall not have a right of set off or retention. Any objections to invoices must be raised within 30 days of receipt of invoice and no objection may be raised thereafter. Where it is agreed in writing that timesheets must be provided the Client confirms that they shall be considered approved unless otherwise stated within 5 days of receipt.

4.4 In the event that the Client does not comply with its obligations under Article 3 the Company reserves the right to suspend provision of the Services and / or invoice and be paid for time and resources expended arising from the Client's non-compliance. This shall include but not be limited to charging for visits and time expended where equipment to be inspected cannot be found, is not made available for inspection or where waiting time is incurred pending such equipment being found, made available or made ready.

4.5 In the event of a change of law, change of Client policy or any other change of circumstance outside the Company's control which acts to increase the cost to the Company of delivering the Services the Parties agree that the fees for the Services may be increased to reflect these increases in costs. The Company will provide such evidence of increases as is reasonably practicable.

4.6 Any postponement or cancellation of Services by the Client, including site visits shall be subject to no less than 5 working day advance notice. Any failure to provide such notice will result in a charge for an abortive visit/inspection as appropriate.

4.7 The fees agreed between the parties shall increase automatically each year on the anniversary of this Agreement. Such annual increase shall be as stated in the fee proposal (or as otherwise agreed) with the addition of an increase which allows for inflation calculated in accordance with the UK Retail Price Index (All Items) as published by the UK Office for National Statistics or its successor body.

5. INTELLECTUAL PROPERTY RIGHTS

5.1 "**Intellectual Property**" shall mean all patents, rights to inventions, utility models, copyright and related rights, trade marks, logos, service marks, trade dress, business and domain names, rights in trade dress or get-up, rights in goodwill or to sue for passing off, unfair competition rights, rights in designs, rights in computer software, database rights, topography rights, moral rights, rights in confidential information (including know-how and trade secrets), methods and protocols for Services, and any other intellectual property rights, in each case whether registered or unregistered and including all applications for and renewals, reversions or extensions of such rights, and all similar or equivalent rights or forms of protection in any part of the world.

5.2 Each Party exclusively owns all rights to Intellectual Property it has created whether before or after the commencement date of the Agreement and whether or not associated with any Agreement between the parties.

5.3 The names, service marks, trademarks and copyrights of the Company and its affiliates shall not be used by the Client except solely to the extent that the Client obtains the prior written approval of the Company and then only in the manner prescribed by the Company.

5.4 For avoidance of doubt, nothing in the Reports or any other writing shall convey any rights of ownership or licence whatsoever to the Company's intellectual property of its proprietary software, nor to the Company's proprietary audit methods, training materials and procedures, nor to the Company's protocols, nor to the Company's name, logo, marks, or other trade dress nor any other existing or later developed Intellectual Property rights or know-how developed and used to perform the Services and Reports. These shall remain the sole property of the Company. The Reports do not convey ownership or licencing rights to any third party's Intellectual property that may be contained or referenced in the Reports.

6. CONFIDENTIALITY AND COMPANY'S PROPERTY

6.1 "**Confidential Information**" shall mean any information disclosed in whatever form, by a Party to the other Party including, but not necessarily limited to, technical, environmental, commercial, legal and financial information relating directly or indirectly to the Parties and/or to the Agreement.

6.2 Each of the Parties shall not disclose or use for any purpose whatsoever any of the confidential knowledge or Confidential Information or any financial or trading information which it may acquire or receive within the scope of the performance of the Agreement, without the prior written consent of the Party that disclosed the Confidential Information except as required for the Company to provide the Services.

6.3 The confidentiality undertaking shall not apply to any information:

6.3.1 which is publicly available or becomes publicly available through no act of the receiving Party;

6.3.2 which was in the possession of the receiving Party prior to its disclosure;

6.3.3 which is disclosed to the receiving Party by a third party who did not acquire the information under an obligation of confidentiality;

6.3.4 which is independently developed or acquired by the receiving Party without use of or reference to Confidential

Information received from the disclosing Party;

6.3.5 which is required to be disclosed to an accreditation body or under the rules of an accreditation scheme, in each case where applicable to the Services;

6.3.6 which is disclosed in accordance with the requirements of law, any stock exchange regulation or any binding judgment, order or requirement of any court or other competent authority; or

6.3.7 which is disclosed to an affiliate of the Party on a need to know basis

6.4 The Reports are issued by the Company and are intended for the exclusive use of the Client and shall not be modified published, used for advertising purposes, copied or replicated for distribution to any other person or entity or otherwise publicly disclosed without the prior written consent of the Company. The Client agrees that Reports may be provided by electronic means of delivery including but not limited to email.

6.5 Each Party shall be responsible for ensuring that all persons to whom Confidential Information is disclosed under the Agreement shall keep such information confidential and shall not disclose or divulge the same to any unauthorized person or entity and shall assume full responsibility for any breach of said undertaking.

6.6 On expiry or termination of the Agreement for any reason and at the direction of the other Party, each Party shall return or destroy the other Party's Confidential Information which is at that time in its possession or under its control, provided, however, that nothing herein shall prohibit the Company from maintaining copies of Reports and analysis in accordance with its record retention policies and document retention policies as may be required by law or accreditation bodies.

7. LIMITATION OF LIABILITY

7.1 With the sole exception of Article 7.5 but notwithstanding any other provision of the Agreement, neither Party shall be liable to the other Party for indirect, incidental or consequential losses or damages (including, without limitation, punitive and exemplary damages, loss of earnings, loss of production, loss of value or decrease in earnings from any goods or property, including, without limitation, loss of use, loss of financial advantage, business interruption or downtime).

7.2 Without prejudice to Article 7.1, the total liability of the Company and its affiliates, and their respective employees, agents, consultants, and subcontractors, in contract, tort (including, but not limited to, negligence, gross negligence or breach of statutory duty), misrepresentation, restitution or otherwise arising in any manner in connection with or related to the Services, the Reports, and the performance, or contemplated performance, of the Agreement shall, subject to Article 7.5, be limited to the greater of:

7.2.1 A sum equivalent to three (3) times the amount of fees paid or payable by the Client to the Company in respect of the Services that give rise to the Company's liability to the Client; or

7.2.2 Ten thousand (10,000) euros.

7.3 The Client shall indemnify the Company and its affiliates, and their respective employees, directors, agents, consultants or subcontractors against, and hold them harmless against, all claims made by third parties for loss, damage or expense of whatever nature (including, but not limited to negligence and gross negligence) and howsoever arising, relating to the performance, purported performance or non-performance of any Service, to the extent that the aggregate of such claims for any one Service exceeds the limitation of liability as set out in Article 7.2 above.

7.4 Without prejudice to Articles 7.1 and 7.2, the Company shall not be liable to the Client for and the Client shall be precluded from bringing any claim for losses, unless notice of such claim is received by the Company before twelve (12) months after the earlier of (i) the date of performance by the Company of the Services which give rise to the claim, or (ii) the date when the Services should have been completed in the event of any alleged non-performance.

7.5 Nothing in this Agreement limits or excludes the liability of either Party:

7.5.1 for death or personal injury resulting from the negligence of that Party; or

7.5.2 for any damage or liability incurred as a result of fraud, fraudulent misrepresentation or fraudulent concealment by that Party; or

7.5.3 for any other loss which by law cannot be excluded or limited.

8.FORCE MAJEURE

8.1 For the purposes of this Article 8, "**Force Majeure**" shall mean an event, the occurrence of which is beyond the reasonable control of the claiming Party, and which renders either the Client or the Company unable, wholly or in part to carry out its obligations under the Agreement (other than the obligation to make payments of sums due to the other Party), which inability could not have been prevented or overcome by the claiming Party exercising reasonable foresight, planning and implementation.

8.2 Neither Party shall be liable for any loss or damage resulting from any delay or failure in performance of its obligations hereunder resulting directly or indirectly from an act of Force Majeure. If the disability continues for more than fifteen (15) days, then the non-disabled Party will have the right to terminate this Agreement without incurring any liability whatsoever.

8.3 In the event that the Company finds itself temporarily unable to deliver some or all of the Services due to or in connection with COVID-19 either at all or within agreed timeframes or to an agreed programme, this shall not be considered a Force Majeure event entitling one party to terminate the agreement. Instead the Parties agree that under such circumstances delivery of that part of the Services that cannot be delivered shall be postponed until a date acceptable to both parties, each acting reasonably.

9.DATA PROTECTION

9.1 Both Parties undertake that they, their employees or any person acting on their behalf shall comply with all applicable laws and regulations, including all applicable national, state, and local privacy laws or regulations and in particular the Data Protection Act 2018 and the UK retained law implementation of the EU General Data Protection Regulation 2016/679 of 27 April 2016.

10.ASSIGNMENT AND SUBCONTRACTING

10.1 The Company at its sole discretion may assign, cede, transfer its rights and obligations or delegate the performance of all or a portion of the Services under the Agreement, subject to compliance with the requirements of any applicable accreditation scheme where relevant, to an affiliate, agent or subcontractor of the Company without prior notice to the Client, and the Client hereby consents to such delegation. The Client shall not without Company's consent, cede, assign, transfer, subcontractor or deal in any manner with all or any of its rights or obligations under the Agreement.

11.REMOTE WORKING

11.1 The Parties may agree from time to time in writing that the Company shall provide some or all of the Service remotely by electronic means which may include but not be limited to video conferencing. The Client acknowledges that personal data is likely to be collected under these circumstances and confirms that he has obtained all necessary consents under applicable law to allow the Company to process the images and sounds collected during the provision of the Services.

11.2 The provision of Services by remote means as envisaged by Article 11.1 is subject to the availability and performance of acceptable network and internet bandwidth and the availability of appropriate third party software solutions, including but not limited to video connectivity and video recording solutions. In the event that the performance of such remote working tools is not considered to be reasonably sufficient in the circumstances by either party, the parties shall (each acting reasonably) seek to rearrange the provision of the Services or agree an alternative method of delivery and agree in writing any additional fees that may arise from such change. The Client acknowledges that the Company is not responsible for such third party remote working tools and accordingly the Company shall not be liable for the performance of such tools.

12.MISCELLANEOUS

12.1 A waiver of any right under the Agreement is only effective if it is in writing and it applies only to the circumstances for which it is given. No failure or delay by a Party in exercising any right or remedy under the Agreement or by law shall constitute a waiver of that (or any other) right or remedy, nor preclude or restrict its further exercise. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that (or any other) right or remedy.

12.2 If any provision of the Agreement (or part of any provision) is found by any court or other authority of competent jurisdiction to be invalid, illegal or unenforceable, that provision or part-provision shall, to the extent required, be deemed not to form part of the Agreement, and the validity and enforceability of the other provisions of the Agreement shall not be affected.

12.3 Nothing in the Agreement is intended to, or shall be deemed to, constitute a partnership, joint venture, trust or association of any kind between the Parties, nor constitute any Party the agent of the other Party for any purpose.

12.4 To the fullest extent permitted by law and except as expressly provided for in the Agreement, a person who is not a party to the Agreement shall not have any rights under or in connection with the Agreement.

12.5 The Company may terminate the Agreement at any time and for any reason, without incurring any liability to the Client, by giving not less than 30 (thirty) days' written notice to the Client.

12.6 For the avoidance of doubt, nothing in this Agreement is, or shall be deemed to be an agreement for the Supplier to incur liability under Section 12 (3A) of the Nuclear Installations Act 1965.

13. GOVERNING LAW AND JURISDICTION
