

ROUTE INFO

1 From the entrance of Mixenden Activity Hub, turn left down Acre Lane, and turn left onto a path between the green metal fence and a stone wall.

2 At the reservoir gate, bear right on a little path and through a gap in the wall into the woods.

3 Go straight on, keeping close to the edge of the wood, then follow a bark-chipped path out and turn right onto a grassy path alongside a field.

4 Go through a gate into the woods again, bearing left to follow the path, and then out through another gate.

5 Follow the path straight on up the hill towards a line of trees. This is a great viewing spot.

6 Turn right at the line of trees and follow an old track edged by crumbling dry stone walls towards the top of Hunter Hill.

7 At two tall stone gateposts, turn left - back on yourself following a wide grassy path. There are loads of sheep up here, views for miles and it can feel wild and windy - a real adventure.

8 Go through a wooden gate and turn left. This path becomes stony and goes downhill quite steeply - watch your footing. Then turn left and continue downhill.

9 When you reach the houses at the bottom, turn left along the street and then left again through a dark green metal gate onto the path from step 1, back to the start.
